Handyman Services

During the winter season, I am pleased to be able to share a lifetime-e of experience in maintaining homes with my Handyman skill.

I am able to do most small jobs around the house.

Some examples of things I do are:
Door and window repair or replacement
Lock replacement
Interior Trim
Drywall repairs
Small paint jobs
Shelving
Tap and toilet repair or replacement
Replace Light fixtures and switches
Hauls to dump
Odd Jobs
and many items on your household To Do list.

There many people willing to take on your larger jobs but it is hard to find someone to do those smaller jobs quickly and well. Therefore I am focusing on the smaller things as my niche.
